About matched giving

Matched giving is a really easy way to boost your fundraising total and make double the difference to refugees and to the planet.

What is matched giving?

Matched giving is when your employer matches the amount of fundraising you have raised for us. Your company will either match part or all of your fundraising, so you may be able to double your total!

What you need to do

First, find out if your workplace offers a matched giving scheme. If it does, use this form to request a matched donation. Just fill in the employee sections of this form and then give it to your employer to complete the employer details.

If you need us to fill in a separate form or send anything off for your employer to take part, just get in touch by emailing hello@threadahead.org and we'll be more than happy to help.

Even if your workplace doesn't have a

matched giving scheme in place, it's still worth asking your employer if they would make a donation towards your fundraising. All corporate donations to Thread Ahead are tax deductible.

What your employer needs to do

We need your employer to complete and return the 'employer' sections of this form so that we can link their donation to your fundraising record.

The completed form can be returned to us by email or post:

- **If donating by BACS or an online platform**, scan the completed form and email it to:
hello@threadahead.org
- **If donating by cheque**, post the cheque and completed form to:
Thread Ahead
